Control de Versiones

Fecha	Versión	Descripción
23/04/2022	v1	Creación del documento
23/02/2022	v2	Exponemos una tabla detallando la asignación de tareas para cada miembro, el número de horas aproximado y su valor total.

A continuación, se muestra una tabla indicando todos los parámetros del informe.

	Diseño y Pruebas 2 Planning Report

Task	Descripción	Asignación	Rol	Horas	Presupuesto
001	Operations by all principals on chirps	Jesús Javier	Developer	1.5	22.5
002	Operations by all principals on components	Rubén	Manager	2	50
003	Operations by all principals on tools	Rubén	Manager	2	50
004	Operations by all principals on toolkits	Roberto	Developer	3.5	37.5
005	Operations by authenticated principals on announcements	Juan José	Developer	1.5	22.5
006	Operations by authenticated principals on the system configuration	Jesús Javier	Developer	2	30
007	Operations by inventors on components	Rubén	Manager	1	25
008	Operations by inventors on tools	Miguel Ángel	Developer	1	15
009	Operations by inventors on toolkits	Nicolás	Developer	4	60
010	Operations by inventors on patronages	Juan José	Developer	1	15
011	Operations by inventors on patronage reports	Roberto	Developer	1	15
012	Operations by patrons on patronages	Roberto	Developer	1	15
013	Operations by all principals on user accounts	Nicolás	Developer	2	30
014	Operations by patrons on patronage reports	Jesús Javier	Developer	1.5	22.5
015	Operations by patrons on patron dashboards	Nicolás	Developer	3.5	37.5
016	Operations by administrators on the configuration	Miguel Ángel	Developer	0.5	7.5
017	Operations by administrators on administrator dashboards	Juan José	Developer	3.5	37.5
018	Internationalize moments and money amounts	Juan José, Rubén, Miguel Ángel, Roberto, Nicolás Jesús Javier	Manager Developers	0.5	50

019	Produce a planning report	Juan José	Developer	1	15
020	Produce a progress report	Miguel Ángel	Developer	-	-
021	Produce a lint report	Nicolás	Developer	0.33	5
022	Produce a performance report	Jesús Javier	Developer	0.66	10
023	Add the exchange currency	Rubén	Manager	4	100

Test	Descripción	Asignación	Rol	Horas	Presupuesto
001	Operations by all principals on chirps	Jesús Javier	Tester	0.5	7.5
002	Operations by all principals on components	Rubén	Tester	0.5	7.5
003	Operations by all principals on tools	Rubén	Tester	0.5	7.5
004	Operations by all principals on toolkits	Roberto	Tester	0.5	7.5
005	Operations by authenticated principals on announcements	Juan José	Tester	0.5	7.5
006	Operations by authenticated principals on the system configuration	Jesús Javier	Tester	0.5	7.5
007	Operations by inventors on components	Rubén	Tester	0.5	7.5
008	Operations by inventors on tools	Miguel Ángel	Tester	0.5	7.5
009	Operations by inventors on toolkits	Nicolás	Tester	0.5	7.5
010	Operations by inventors on patronages	Juan José	Tester	0.5	7.5
011	Operations by inventors on patronage reports	Roberto	Tester	0.5	7.5
012	Operations by patrons on patronages	Roberto	Tester	0.5	7.5
013	Operations by all principals on user accounts	Nicolás	Tester	0.5	7.5
014	Operations by patrons on patronage reports	Jesús Javier	Tester	0.5	7.5
015	Operations by patrons on patron dashboards	Nicolás	Tester	1	15
016	Operations by administrators on the configuration	Miguel Ángel	Tester	0.5	7.5
017	Operations by administrators on administrator dashboards	Juan José	Tester	1	15

*Una hora de analista o manager vale 25€, desarrolladores y testers 15€.
