Control de Versiones

Fecha	Versión	Descripción
22/05/2022	v1	Creación del documento
22/05/2022	v2	Exponemos una tabla detallando la asignación de tareas para cada miembro, el número de horas aproximado y su valor total.

A continuación, se muestra una tabla indicando todos los parámetros del informe.

Task	Descripción	Asignación	Rol	Horas	Presupuesto
001	Operations by anonymous principals on user accounts:	Rubén	Manager	0.5	12.5
002	Operations by all principals on chirps	Miguel Ángel	Developer	0.5	7.5
003	Operations by inventors on items: (R3 and R4)	Rubén	Manager	0.5	12.5
004	Operations by inventors on toolkits	Juan José	Developer	5	75
005	Operations by authenticated principals on announcements	Nicolás	Developer	0.5	7.5
006	Operations by inventors on patronage reports:	Roberto	Developer	0.5	7.5
007	Operations by patrons on patronages	Jesús Javier	Developer	2.5	37.5
008	Operations by administrators on announcements	Juan José	Developer	0.5	7.5
009	Operations by an administrator principal on the configuration:	Miguel Ángel	Developer	0.5	7.5
010	Internationalise moments and money amounts when they are entered.	Juan José, Rubén, Miguel Ángel, Roberto, Nicolás Jesús Javier	Manager Developers	0.5	50
011	The system must show all money amounts as they are entered by the users, but also their corresponding money exchanges according to the system currency.	Rubén	Manager	8	200
012	The system must prevent the principals from storing chirps, announcements, components, tools, or toolkits if they are considered spam.				
013	The spam detector must be reusable across different projects				
014	Produce a planning report	Juan José	Developer	0.66	10
015	Produce a progress report	Miguel Ángel	Developer	-	-
016	Produce a lint report	Nicolás	Developer	0.33	5

3

017	Produce a performance report	Jesús Javier	Developer	0.66	10
018	ISend the deliverable to ev	Rubén	Manager	0.5	12.5

Test	Descripción	Asignación	Rol	Horas	Presupuesto
001	Operations by anonymous principals on user accounts:	Nicolás	Tester	0.5	7.5
002	Operations by all principals on chirps	Miguel Ángel	Tester	0.5	7.5
003	Operations by inventors on items: (R3 and R4)	Rubén	Tester	0.5	7.5
004	Operations by inventors on toolkits	Juan José	Tester	3	45
005	Operations by authenticated principals on announcements	Nicolás	Tester	0.5	7.5
006	Operations by inventors on patronage reports:	Roberto	Tester	0.5	7.5
007	Operations by patrons on patronages	Jesús Javier	Tester	0.5	7.5
008	Operations by administrators on announcements	Juan José	Tester	0.5	7.5
009	Operations by an administrator principal on the configuration:	Roberto	Tester	0.5	7.5

*Una hora de analista o manager vale 25€, desarrolladores y testers 15€.
